## FEATURES

### 1. Automatic Sensor Design

Automatic opening and clamping design make the whole process electronic. Place your phone inside the holder, the clamps will close and provide a strong stable hold. Touch sensitive button on the side, the arms would automatically open, which can be operated with one hand making everything easier and safer.

### 2. Built-in Lithium Battery

Even without connecting to electricity. It can also automatically clamp and open ABOUT 100 TIMES. Save yourself the embarrassment of not being able to pull out your phone after the car has stalled.

### 3. Wireless Charger & Phone Holder 2 in 1

Combine the two conveniences of Qi Wireless Charging and a car phone holder. Wireless car charger offers fast charging for your phone and ready use after your commute or road trip. Save you from messing with cables and cases while driving.

### 4. Faster Wireless Charging

10W Compatible Samsung Galaxy S10/ S10+/ S8 / S8 Plus/ S9 / S9+ / S7 / S7 Edge, 7.5W for iPhone 8/ 8Plus/X/XPlus, 5W for Other Qi-Enabled Smart Phones. When your phone is fully charged, the wireless car charger will automatically power off and protect the battery of your phone.

### 5. Adjustable Viewing

Multiple Installation of the wireless car charger holder, it can be installed on the windshield, dashboard, table etc. The full 360-degree rotation allows for optimum viewing and easier use of functions, which is the safest way to access your phones systems such as your GPS and phone calls.

### 6. Type-C Connection

No matter the positive side or negative side can both connect with the wireless car charger, convenient and practical.

### 7. LED Indicator Light

Unique LED Indicator Light design, when it is in the charging mode, the blue indicator light up from the adjustable feet , lets you clearly see the state of charge.
