

PC35 HAIR STRAIGHTENER

DESCRIPTION

A perfect combination of hair straightener and curling brush, our PC35 has been designed to fully satisfy your desire: thanks to the multifunctionality of its performance, with a single tool you can shape your hair at will, to create perfect hairstyles. This 3 in 1 straightener is able not only to smooth, but also to create voluminous natural curls and comb the hair quickly, with surprising results. Equipped with heating tube with combs and large ceramic plates that reach a maximum temperature of 200°C, our rapid heating PC35 hair straightener is ready in just 3 minutes and, to always ensure excellent handling and total comfort even after long periods of use, is equipped with 360-degree swivel cable.
